GT5000

"Presenting" the GT5000 Series TTW ATM

Genmega introduces the GT5000 series ATM.
A high performance yet economical Through-The-Wall
ATM solution with the look and feel of a full bank ATM.
Designed for wall or Kiosk installation, the GT5000 series
makes new TTW installation or replacements a snap.
Built with the same compact modular components as
your existing Genmega machines and engineered for
easy installation and reliable operation.
The GT5000 includes high-end features like a 15" High
Bright LCD which support custom advertisements and
a 3-cassette cash dispenser with motorized cash presenter.
A new Touch-Screen rear-service panel allows convenient
and safe access for ATM Operators and Service personal.

The GT5000 series ATM is ADA compliant and Chip Card
(EMV) ready, including a PCI / Interac certified encrypting
PIN pad (EPP), a voice guidance system, and lighted action
indicators (including lighted keypad).
Features of a high end Through-The-Wall ATM with the low
maintenance and reliability that Genmega delivers makes
this an excellent TTW solution.
